

Request for Release of Information

The Alberta Association of Agricultural Societies (AAAS) is requesting to have access to the financial statements, by-laws, activity reports, and business plans submitted by your Agricultural Societies to Alberta Agriculture and Forestry.

The information is valuable in assisting the Alberta Association of Agricultural Societies (AAAS) in program and resource development, tracking trends in the industry that may impact the industry as a whole, as well as assisting our members on a one on one basis when we are asked to assist their organization. On occasion AAAS also uses the information for research and to assess the economic and community benefits as well as opportunities for the continuing growth of Alberta Agricultural Societies. By providing us access this information it minimizes the need for us to request our membership to complete lengthy surveys or request that you forward us copies of the information that has already been submitted to Alberta Agriculture and Forestry.

Due to the Freedom of Information Protection Act (FOIP) that the Department of Agriculture and Forestry is required to comply with, we require permission from your Agricultural Society annually in order to access the information.

Please indicate your preference regarding the release of your information by marking the appropriate statement below and signing and dating your response.
